13.

SECTION B

- 16. Recently 150 street children were captured on the street of Kampala by KCCA. Among them were children aged 18 years and a bone who even appear to be able to work for their living. However, they claim that's the only option they have for survival. Agriculture for which you are a student seems to be having hopes for them since it has got many opportunities/ occupations that would help them other than the street begging's and stealing.
- (a) As a student who offer Agriculture, what are some of those opportunities that would eliminate the cause (2 marks)
- (b) Suggest what the government can initiate or do to involve these children in agriculture production (6 marks)
- (c) Choose any career amongst the above-mentioned ones and describe how it would benefit your community (2 marks)
- 17. You have been appointed and given a responsibility to own a first aid box and administer first aid in case of any accidents in the agriculture department of your school.
- (a) What could have contributed to your appointment (4 marks)
- (b) How would you maintain the first aid box to stay in good working condition?

(4 marks)

(c) What is first aid? (2 marks)

END
